

Reid Mosieur

Senior Full-Stack Engineer | React • Node • Next.js • Remote

rmosieur@gmail.com • reidmosieur.dev • [LinkedIn](#) / [GitHub](#) @reidmosieur

Summary

Developer who ships clean, scalable software that grows businesses and streamlines ops. SEO-driven, API-savvy, and cloud-fluent. Boosted organic traffic +25%, migrated infra to AWS, and built internal tooling across 1,300+ production DB tables.

Experience

Senior Full-Stack Engineer – *Warehouse Wireless (Remote)*

Jan 2022 – Present

- Built SEO-optimized landing pages that increased traffic +25% and boosted conversion.
- Maintained & shipped features across 10+ production DBs and 1,300+ relational tables.
- Designed domain-specific schema + APIs used across multiple teams.
- Integrated 5+ APIs (eBay, Shopify, FedEx) to automate ops, cut manual work 10+ hrs/week.
- Migrated monolithic services to AWS (EC2, RDS), increasing uptime to 99.9%.
- Mentored junior dev → 3+ features shipped independently.

Floor Manager, Warehouse Wireless — Led hiring + KPIs. (2016–present)

Projects

SaaS Starter (GitHub)

Production-ready multi-tenant SaaS boilerplate (Next.js, Prisma, Stripe, Shadcn). Includes RBAC, org invites, custom auth, and billing.

Education

- Harvard CS50 – Intro to CS & Programming
